Create User Account

The first time you install PC Online Backup, you will be prompted to create a login with your email and chosen password. This adds an extra level of security to your backup, in addition to the activation key.

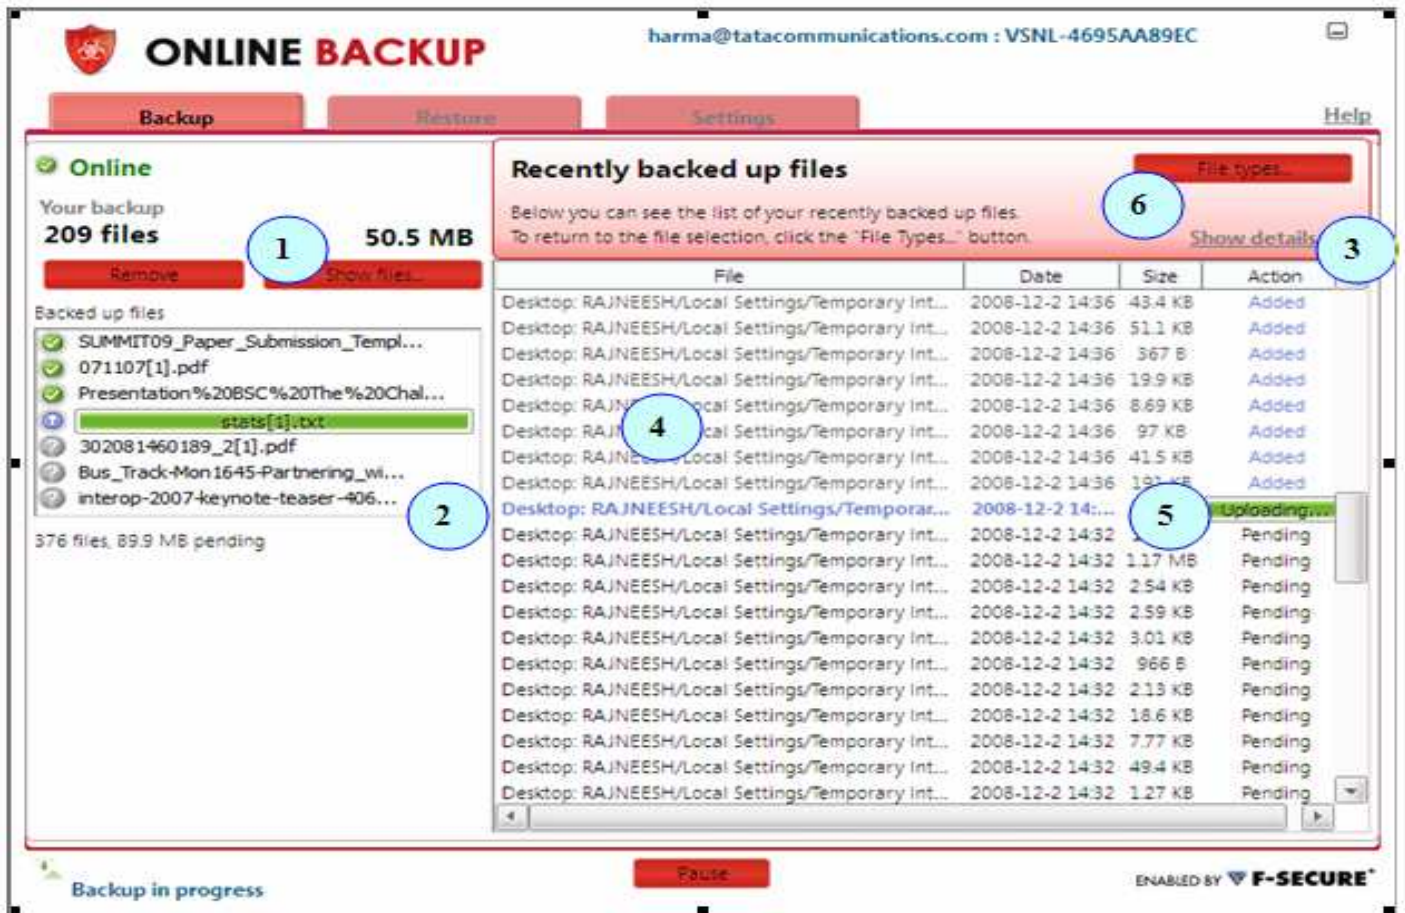

NOTE:

Make sure the email address is correct, it will be used to manage your account, for important service notifications and support.

The screenshot shows a software installation window titled "ONLINE BACKUP". The window has a red "Install" button in the top left and a "Help" link in the top right. The main content area is titled "Enter your account information" and includes a thank-you message: "Thank you for purchasing Mybusiness Online Backup." Below this, instructions state: "Enter your e-mail address, which is needed for sending information about backups and product updates to you. Create a password, which you need for logging into the product." There are three input fields: "E-mail address:", "Enter a password:", and "Confirm password:". A small note under the email field says: "The e-mail address is used to manage your account, to receive status reports and for service notifications." At the bottom of the window, there are "Back" and "Continue" buttons. The bottom right corner of the window features the text "ENABLED BY F-SECURE".

PC Online Backup client

At any time, you can browse the backup files directly on the server. The complete PC Online Backup file list appears when you click the **Show files (1)** button at the top left of the *Backup* and *Restore* tabs. The listing opens in a new window and gives detailed information about the files and directories you would be able to restore.

The **Mini Log (2)** is displayed on middle left side of the Backup tab. It lists the files that were uploaded or downloaded most recently and its being constantly updated.

The **Detailed Transfer Log (4)** appears when you click on the **Show details (3)** button and lists up to 100 recent upload. It also gives more information about the transferred files, like their upload date, size and the status of the operation. You can also follow the progress of the current **upload (5)**.

For an even more detailed and complete journal of all the transfers performed by PC Online Backup since it was installed, you can consult the application log files. These are saved automatically in the application installation folder and can be accessed using the **View log files (6) button**.

PC Online Backup client – Look & Feel

The screenshot shows the 'ONLINE BACKUP' application window. At the top, there is a title bar with the user's email 'harma@tatacommunications.com : VSNL-4695AA89EC' and standard window controls (minimize, maximize, close). Below the title bar is a navigation bar with 'Backup', 'Restore', and 'Settings' tabs. A 'Help' button is located in the top right corner.

The main interface is divided into several sections:

- Connection Status Indicator:** A green 'Online' indicator with a checkmark in the top left.
- Your backup summary:** Shows '156 files' and '42.3 MB'. It includes 'Remove' and 'Show files...' buttons.
- Files selected for the backup:** A central panel with a 'Show details...' button and instructions: 'Decide which file types are backed up by clicking the "Turn On" and "Turn Off" buttons. Select specific files or e-mail folders by clicking the "Change..." button.' It lists categories:
 - Office documents:** 'Turned on. Files selected.' with a 'Turn off' button. Backed up files: 114 files, 8.54 MB.
 - Pictures and videos:** 'Turned off. No files selected.' with a 'Turn on' button. Backed up files: 10 files, 394 KB.
 - Music:** 'Turned off. No files selected.' with a 'Turn on' button. Backed up files: 32 files, 33.4 MB.
 - E-mail:** 'Turned off. No files selected.' with a 'Change...' button. Saved: 0 file, 0 B.
 - My important files:** 'Turned on. Files selected.' with a 'Change...' button. Saved: 0 file, 0 B.
- Backed up files list:** A scrollable list on the left showing files like 'CR for PC Online Backup Service...', 'different Backups.doc', 'Easy and efficient -OLB.doc', 'fsobsc_htc.pdf', 'Guide Online backup.pdf', 'Landing Page.doc', and 'FAQ.doc'. It also shows '82 files, 9.47 MB pending'.
- Backup activity status indicator:** A green arrow icon and the text 'Backup in progress' at the bottom left.
- Pause button:** A red 'Pause' button at the bottom center.
- ENABLED BY F-SECURE:** A logo at the bottom right.

Annotations with arrows point to these features:

- 'Minimize the application window' points to the minimize button.
- 'Online help page in your default browser' points to the 'Help' button.
- 'Click Turn off button for stop backup process' points to the 'Turn off' button for Office documents.
- 'Click Turn on button for start backup process' points to the 'Turn on' button for Pictures and videos.
- 'Email & contacts category can be customized' points to the 'Change...' button for E-mail.
- 'Option to add any folder or files to the backup selection' points to the 'Change...' button for My important files.
- 'Pause button put all backup activity on hold for chose duration. e.g. pause for 1 hour.' points to the 'Pause' button.
- 'Number & size of files already backed up' points to the '156 files' and '42.3 MB' text.
- 'Click to browse the backup files directly on the server.' points to the 'Show files...' button.
- 'List of recently uploaded files' points to the list of files in the 'Backed up files' section.
- 'Connection Status Indicator' points to the 'Online' indicator.
- 'Backup activity status indicator' points to the 'Backup in progress' indicator.
- 'Tabs bar to switch from a section to another' points to the 'Backup', 'Restore', and 'Settings' tabs.
